As per the policy documentation of our institution regarding the identification and support of slow learners, a comprehensive review of student performance in the odd semesters (I, III, and V) has been conducted.

Upon analysis of the percentage of marks and grades obtained by the students, it has been observed that no student falls under the category of a slow learner for the aforementioned semesters during the academic year 2023-24/ odd semester period.

In line with the institutional framework, this observation has been documented, and a Nil Report has been prepared for record purposes.

We remain committed to providing necessary academic support to all students and will continue to monitor their progress in subsequent assessments.
