Subject: Requisition to provide one Bus for students to visit Butnal lake for Field study on 23/07/2024 from 9:30am to 1:30pm

With respect to the above cited subject, as per the RCUB curriculum, the Department of Botany is planning to organize field visit to **Butnal lake of Vijayapur**. We have planned to go with 50 B.Sc II Sem Botany students along with 05 staff members on 23/07/2024 Tuesday. Hence we need to avail the facility of college bus for the field visit. This would be a great privilege for our students to be exposed to the onsite learning experience. Students need to prepare a report of the visit and submit during the practical examination.

Kindly do the needful.

Thanking you

Your sincerely

DEPARTMENT OF BOTANY

NOTICE

This is to inform all the B.Sc 2th semester botany students that, a field visit to bhutanal lake will be organized on 23/07/2024. As per practical curriculum prescribed by Rani Channamma University Belagavi, a field visit is mandatory. Students must prepare a report on visit that should be submitted at the time of practical examination. Students those who are showing willingness should sign on undertaking letters on or before 21 /07/2024.

REPORT ON

'FIELD VISIT TO BHUTNAL LAKE

A field visit to Bhutnal lake to study diversity of algae was organized by Department of Botany on 23/07/2024. The purpose of the visit is to understand the different type of algae and their economic importance, under the guidance of Dr. Ramchandra Naik M, Miss Shilpa Dalawai, Miss Anita Desai, students learnt regarding diversity of algae, occurrence of algae (freshwater algae, marine water algae), morphology of different type of algae, which were present in Bhutnal lake, economic importance of algae, sir even explained how algae has been used in making economically useful products like drugs, cosmetics, example diatoms are used in making gold facial kits, agar is used making ice creams, gellies, Students have gained the knowledge and also got motivated. The report of the visit will be prepared by the students that need to be submitted during practical examination. Total 40 students and three faculty members were present for guiding the students during the field visit.

DEPARTMENT OF POLITICAL SCIENCE

REPORT ON ONE DAY FIELD VISIT

Under IQAC Initiative, The Department of Political Science, BLDEA's S. B. Arts and K. C. P. Science College has organized **One Day Field Visit** to Realize and Analyse **The Working of Gram Panchayat** at **Arakeri Village**, Tq and District Vijayapur for selected BA Vth Semester Students on 24.07.2024. There is a Paper of Local Government in India for Final year students, in this regard to make them aware about the working of Local Governments this visit was organised. This visit was attended by 30 students along with Dr. Tarannum Jabeen Khan, Head of the Department of Political Science and Smt. Roopa S Motagi, Faculty Department of Political Science.

A field visit to a Arakeri Gram Panchayat was conducted to assess the functioning of the local governing body, gather information on ongoing development projects, and understand the key issues faced by the villagers. The visit included interactions with the Sarpanch, Panchayat members, and local residents, providing insights into the Gram Panchayat's activities related to infrastructure development, sanitation, healthcare, and community engagement.

Key Findings:

- The challenges in managing funds effectively.
- Details on ongoing development projects and their implementation status.
- Specific issues face by their respective areas.
- Availability of basic medical facilities within the village.
- Regular awareness campaigns on cleanliness and hygiene practices.

Overall, the field visit provided a valuable understanding of the Gram Panchayat's functioning and the challenges faced by the village community. While notable progress has been made in infrastructure development and community engagement, further efforts are required to address key concerns related to sanitation, healthcare access, and transparent governance.

STUDY VISIT REPORT

Introduction: Our 1 day zoological study visit to **Fisheries research institute** on 24/07/2024 provided us with an exciting opportunity to explore and learn about various species of fishes and their habitats. This report aims to provide an overview of our observations, experiences, and the knowledge gained during our visit.

Learnt about :

- i. Fishery at Bhutnal
- ii. Types of fishes
- iii. Preservation method for fishes

Overall Experience: The one-day zoological study visit provided us with a comprehensive understanding of the intricate world of fishes, their behaviours, habitats, and conservation. We gained insights into the efforts undertaken by the zoological study visit from Department of Zoology to promote education and awareness. The visit deepened our appreciation for biodiversity and emphasized the vital role of zoologist in preserving the natural world.

Fisheries Research Institute

A study visit to Fisheries Institute can be a rewarding experience, as this provides the knowledge about various kinds of fishes, their behaviour, and their habitat and many more.

Inside the fisheries institute :

INTRODUCTON TO FISHERIES AND AQUACULTURE

Taught us about the Fisheries and Aquaculture

Fisheries : Fishery can mean either the enterprise of raising or harvesting fish and other aquatic life or, more commonly, the site where such enterprise takes place. Commercial fisheries include wild fisheries and fish farms, both in freshwater waterbodies and the oceans.

About 500 million people worldwide are economically dependent on fisheries. 171 million tonnes of fish were produced in 2016, but overfishing is an increasing problem, causing declines in some populations

Aquaculture : Aquaculture (less commonly spelled aquiculture^[1]), also known as aquafarming, is the controlled cultivation ("farming") of aquatic organisms such as fish, crustaceans, mollusks, algae and other organisms of value such as aquatic plants (e.g. lotus)

Aquaculture involves cultivating freshwater, brackish water, and saltwater populations under controlled or semi-natural and can be contrasted with commercial fishing, which is the harvesting of wild fish

LIGHTING OF LAMP INSIDE THE FISHERIES INSTITUTE

KNOWLEDGING STUDENTS ABOUT LIST OF OTHER FISHERIES INSTITUTE

Some of the fisheries institute in India are listed below :

- ❖ CENTRAL INSTITUTE OF FISHRIES EDUCATION- MUMBAI, INDIA
- ❖ CENTRAL MARINE FISHERIES RESEARCH INSTITUTE- KARWAR, KARNATAKA
- ❖ CENTRAL INSTITUTE OF FISHERIES TECHNOLOGY- KOCHI, KERALA
- ❖ CENTRAL INSTITUTE OF BRAKISHWATER AQUACULTURE- CHENNAI, TAMILNADU
- ❖ CENTRAL INSTITUTE OF FRESHWATER AQUACULTURE- BHUBNESHWAR, INDIA

Types of fishes and their habitat :

1. Freshwater fishes
2. Marine water fishes
3. Ornamental fishes

Freshwater fishes : Freshwater fish are fish species that spend some or all of their lives in bodies of fresh water such as rivers, lakes and inland wetlands, where the salinity is less than 1.05%. These environments differ from marine habitats in many ways, especially the difference in levels of osmolarity. To survive in fresh water, fish need a range of physiological adaptations.S

SOME OF THE FISHES THAT ARE FOUND IN FRESH WATER

Marine water fishes : Saltwater fish, also called marine fish or sea fish, are fish that live in seawater. Saltwater fish can swim and live alone or in a large group called a school.^[1]

Saltwater fish are very commonly kept in aquariums for entertainment. Many saltwater fish are also caught to be eaten,^{[2][3]} or grown in aquaculture. However, many fish species have been overfished and are otherwise threatened by marine pollution or ecological changes caused by climate change.

MARINE FISH

SOME OF THE FISHES THAT ARE FOUND IN MARINE WATER

Ornamental fishes : Inland and marine waters in India possess a rich diversity of ornamental fish, with over 195 indigenous varieties reported from North-East Region and Western Ghats, and nearly 400 species from marine ecosystems. The major fish exported from India are of wild varieties collected from rivers of the North-East and Southern States that contribute about 85% to the total export of all types of ornamental fish from the country. Among the 195 reported fish species from the North-East Region, 155 species are of ornamental value. The region also exhibits exceptional biodiversity and high degree of endemism with respect to freshwater ornamental fishes. Prominent among them are Loaches, Eels, Barbs, Catfish, and Goby. On the other hand, the Western Ghats of India is one of the 34 'Biodiversity Hotspot' Areas of the World.

SOME OF THE ORNAMENTAL FISHES

Fishes that were studied in fisheries research institute, Bhutnal, Vijaypur

Rohu fish

Green eyed rasbora fish

Leucous aul

Henicorhynchus siamensis

Silver minnow fishes

Common carp fish

Preservation methods for fishes :

Firstly, we already know that, fish is highly perishable commodity, which spoiled very rapidly due to the infection of the various types of micro-organism.

So, for this, we have to manage strong and peculiar method fish preservation, so that its frequency of spoiling can be greatly decreases. For the prevention of fish spoilage, there are many types of process in which some are very popular methods of preservation like, drying, canning, icing, etc. All this process are categorized under physical and chemical method of fish preservation and they are as following,

Type of preservation:-

1) Physical method

2) Chemical method

Chemical methods of preservation is nothing but the preservation of fish like commodity by the application of different types of chemical substance, which we are using from earlier day of preservation like, benzoic acid and sodium benzoate etc.

Similarly physical method of preservation is also very common and some of them are very much popular to fisherman and their crew member.

Physical methods of preservation:-

1) Drying and dehydration

2) Canning

3) Freezing / icing

4) Salt curing

5) Smoking / smoke curing

6) Marinades

Conclusion: Our zoological study visit to **Fisheries research institute, Bhutnal, Vijaypur** was an enriching experience that deepened our understanding of the fish kingdom, their habitat, their behaviour and the importance of conservation efforts. Through interactive programs and close encounters with various fishes, we gained insights into the complex relationship between fishes and their environment. We extend our gratitude to the dedicated staff of the Fisheries research institute for their valuable insights and efforts in education and conservation.

Sub: Regarding the Grant of Permission to visit the Deshpande Skilling as a part of Field Visit for the Departments of M.A. English and M.Sc. Computer Science.

I hope this letter finds you well. I am writing to formally request your kind permission for a group of college students from B.L.D.E. A's S. B. Arts & K.C.P. Science College Vijayapur-KA to visit **Deshpande Skilling, Hubli** for a Study Tour on 09-09-2024. As part of their Educational Curriculum, the Students are keen to gain practical insights into A.I. Operations and observe the functioning of company and also understand the Language Skills development and Functioning at Deshpande Skilling.

Hence we would be obliged if you grants us the permission to visit Deshpande Skilling.

Thanking you.

Yours Sincerely,

Principal

Subject: Thank You for the Warm Welcome at Deshpande Skilling

We hope this message finds you well. We want to extend our heartfelt thanks for the hospitality and insight provided during our recent visit to **Deshpande Skilling**. The thorough tour and engaging discussions gave us a deeper appreciation of your company's operations, culture, and the innovative work you're doing in the Skilling.

We are particularly grateful for the time spent explaining the various aspects of your operations and the upcoming initiatives that **Deshpande Skilling** is excited about. It was enlightening to see how passion and expertise come together in your work.

Please convey my gratitude to all the team members who made the visit so informative and pleasant. We look forward to the possibility of collaborating in the future and wish **Deshpande Skilling** continued success.

With regards,

Subject: Appreciating the opportunity to learn more about **Deshpande Startups**

Respected sir,

We want to take a moment to express our sincere gratitude for the opportunity to visit your Startup.

The tour of your facilities was incredibly enlightening, and it was a pleasure to see your team's hard work and dedication firsthand.

Every aspect of the visit, from the thoughtful presentation to the detailed discussions about your operations, was not only informative but also inspiring. It's clear that **Deshpande Startups** takes great pride in fostering a culture of excellence and innovation.

We have plans to organize a Two-day Hands-on Workshop on "How to encounter with Ideas for a Startup" in the second week of November, 2024. We can discuss with its details shortly.

Please convey our gratitude to all the team members who made the visit so informative and pleasant.

Thank you once again for accommodating our visit, and for the invaluable insights you've shared.

Warm regards,
