About BLDE Association

The inception of BLDE Association in 1910 dawned a golden era of revolution and new awakening in education field. It was due to the farsighted vision of eminent lovers of knowledge such as Dr. F.G. Halakatti and Poojya Sangana Basava Swamiji of Banthnal and others. Their philanthropic mission was to propagate education in this educationally and economically backward region. The phenomenal growth and development of the Association took place under the dynamic leadership of Late Shri B.M. Patil. Presently, the association has witnessed academic excellence by the dedication of Shri M.B. Patil, the President of Association. Today, the Association runs 70 educational institutions in all genres of education from Primary level to P.G courses and it embraces Professional and Technical Colleges such as Medical, Engineering and Pharmacy etc.

About SB Arts and KCP Science College.

S. B. Arts and K.C.P. Science College: At a Glance It is a Pre-Independence College established in 1945. It is also a flag -ship of BLDE Association with 70years of long standing academic excellence. The Arts discipline is named after its founder Poojya Shivayogi Sangan Basava Swamiji and Science is named after its donor Shri Kanak Channanagouda Patil. It is honour and historic feat to note that the foundation stones of the college were laid by Bharat Ratna and Nobel Laureate C V Raman. The College has been visited by eminent personalities like General Kariyappa, Dr. V. K. Gokak, Dr. D. C. Pavate, Lt. General Halagali, Shri S R Hiremath, a Social Activist and Vice -Chancellors of various Universities. It is permanently affiliated to Rani Channamma University, Belagavi and is included under section 2(f) 12(b) of the UGC Act. The college rewrites the new chapter after been shifted to the new campus which stands on a wide expanse of 50 acres of land with modern infrastructure, well equipped spacious labs, classrooms, internet with Wi-Fi facility, Health Center and Out- door Sports facilities. Thus, the college encourages holistic development of students.

Objective /Scope of Workshop

- To make the learners self reliant to identify several kind of mushrooms.
- To Demonstration as well as hands on training of In house spawn preparation (all steps involved) mushroom cultivation, packaging and marketing.
- To provide knowledge on how to set up mushroom enterprise, its requirements, significance and profitability.
- To develop a business plan on mushroom cultivation.

- To help the learners to practice a means of self employment and income generation.
- To provide the Unit with appropriately trained personnel for the promotion of mushroom production in the country.
- Understanding mushrooms, types (edible & poisonous) and mushroom cultivation and production
- Knowledge of harvesting and post harvesting processes of mushroom
- Learning value added products preparation from mushroom.

Workshop Schedule

- **10:00am - Registration**
- **10:30am - Inauguration**
Inaugurator & Key Note Speaker
Dr. M.B.MULIMANI
Rtd. Principal
Commerce, BHS Arts and TGP
Science College, Jamakhandi

Dr. RABIYA M MIRDHE
Principal, BLDEAs SB Arts &
KCP Science College, Vijayapur.
- **11:00am - Session 1 - Topic:**
Exploring the Architecture of
Nature: Unveiling the Morphology
& Diversity of Macrofungi.
Dr. SYED ABRAR
Co-ordinator & Head
Department of Botany
Khaja Bandanawaz University,
Kalaburagi
- **12:00pm - Session 2 - Topic:**
The Mycelium Magic: A deep
dive into sustainable Mushroom
Cultivation
Dr. SYED ABRAR
Co-ordinator & Head
Department of Botany
Khaja Bandanawaz University,
Kalaburagi
- **1:00pm - Lunch**
- **1:45pm - Hands on Training Session**
Dr. AJAYAN K. V
Department of Botany
Karnataka State Akkamahadevi
Women's University, Vijayapura
- **4:30pm - Valedictory**
Dr. P D NEEDAGI
Rtd. Associate Professor
Department of Botany
BLDEAs SB Arts &
KCP Science College, Vijayapur.

Dr. P S PATIL
IQAC Co-ordinator, BLDEAs SB
Arts & KCP Science College,
Vijayapur.

Objectives

- To make the learners self-reliant to identify several kind of mushrooms.
- To Demonstration as well as hands on training of In house spawn preparation (all steps involved) mushroom cultivation, packaging and marketing.
- To provide knowledge on how to set up mushroom enterprise, its requirements, significance and profitability.
- To develop a business plan on mushroom cultivation.
- To help the learners to practice a means of self-employment and income generation.
- To provide the Unit with appropriately trained personnel for the promotion of mushroom production in the country.
- Understanding mushrooms, types (edible & poisonous) and mushroom cultivation and production
- Knowledge of harvesting and post harvesting processes of mushroom
- Learning value added products preparation from mushroom.

Details of the event

One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation brought together mycologists, researchers, students and enthusiasts interested in the study of macrofungi, that produce large visible fruiting bodies of different morpho-structures. The event was designed to deliberate upon current state of macrofungal diversity, importance of macrofungi in ecosystems, conservation efforts, human culture, and industry and the latest techniques, challenges, and opportunities in mushroom cultivation both via lectures and hands on training session. Here are some key takeaways of the event:

1. The workshop convened a distinguished assemblage of delegates from various research institutions to learn, varied diversity of macrofungi, including rare and endemic species, their distribution across different ecosystems, ecological roles, such as their involvement in nutrient cycling, decomposition, and symbiotic relationships with plants.
2. Dr. Syed Abrar, Resource person of the workshop disseminated his findings on macrofungi, including new species discoveries, genetic studies and monitoring

techniques. The insights was vital for advancing scientific knowledge and informing conservation policies. The deliberation also addressed on the threats to macrofungal diversity, including habitat destruction, climate change, pollution, overharvesting, and strategies for conservation and sustainable use.

3. The event was dedicated to the execution of inventories and monitoring programs to assess the diversity, distribution, and population trends of macrofungal species. The data was very essential for targeted conservation actions, establishing and maintaining protected areas / reserves and conservation areas, which helps to safeguard habitats from destruction and degradation. The discourse laid the foundation for the guidelines, needs to be implemented for sustainable harvesting of edible and medicinal macrofungi that can prevent overexploitation, ensuring the long-term survival of macrofungi.
4. The workshop incorporated interactive practical training session by Dr. Ajayana K. V., wherein the students and fanatics acquired knowledge on various techniques and methodologies for mushroom cultivation, including substrate preparation, spawn production, management of fruiting body, and diseases & pests, proper harvesting techniques and post-harvest handling covering both traditional and modern cultivation methods, highlighting the advantages and disadvantages of each.
5. One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation functions as a pivotal forum for sharing knowledge, fostering collaboration, promoting conservation and sustainable use of macrofungi and advancement of mushroom cultivation practices. The event underscored the significance of macrofungi in both natural and human-managed ecosystems and featured the need for continued research and action to protect their diversity and benefits of continuous learning and innovation in this field to meet the growing demand for mushrooms and to contribute to food security and sustainable agriculture.

Photographs

An auspicious moment of the inauguration ceremony of One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation. Mr. Krishna Mandla, Asst. Professor, Department of Botany, BLDEA's S. B. Arts and K. C. P. Science College and Secretary of the workshop marking the beginning of a collaborative and educational journey, bringing together experts and enthusiasts to delve into the importance and applications of macrofungi. **Left to right:** Mr. Krishna Mandla delivering the welcome speech, Dr. Ramachandra Naik M., Dr. Syed Abrar, Dr. Rabiya M. Mirdhe, Dr. M. B. Mulimani, Dr. Srikanth Patil.

Dr. Ramachandra Naik M., Asst. Professor and Head, Department of Botany, BLDEA's S. B. Arts and K. C. P. Science College and Convener of the workshop is warmly introducing the audience to the One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation, setting the stage for a day of insightful discussions and collaborative learning

Dr. M. B. Mulimani, Rtd. Principal, Commerce, B.H.S. Arts and TGP Science College, Jamakhandi and chief guest of the event, presenting a unique opportunity for the audience to deepen knowledge, share research findings, and forge collaborative pathways that will advance our understanding of macrofungal diversity and mushroom cultivation.

Dr. Rabiya M. Mirdhe, Principal, BLDEA's S. B. Arts and K. C. P. Science College and Patron of the workshop, addressing the delegates during the inauguration ceremony of the event and deliberating the key themes and objectives of the workshop, emphasizing the importance of preserving macrofungal diversity. She aimed to set the tone for the event, inspiring participants with the potential impacts of macrofungal work on conservation and scientific research.

Dr. Syed Abrar and Dr. Ajayan K. V., Resource persons are deeply honoured and grateful for the esteemed invitation from B. L. D. E. Association's S. B. Arts and K. C. P. Science College, Vijayapur to serve as a resource person at One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation.

Dr. Syed Abrar, **Coordinator and Head**, Department of Botany, Faculty of Science, Khaja Bandanawaz University, Kalaburagi and Resource Person is deliberating his first talk entitled "Exploring the Architecture of Nature: Unveiling the Morphology & Diversity of Macrofungi". A large screen displays a colourful presentation screening "despite the fundamental role of mushrooms in ecosystems, plant and animal assemblages have often been overlooked in scientific research and conservation efforts".

Dr. Syed Abrar's intellectual engagement and environmental focus, as a resource person, delivering second talk entitled "The Mycelium Magic: A deep dive into sustainable Mushroom Cultivation" and highlighting the importance of mushroom cultivation and engaging the audience with insights into the diverse roles and economic significance of mushrooms, laying the groundwork for informative session to follow.

The delegates and students are completely engaged in preparing substrate. Some are working alongside the Dr. Ajayan K. V., resource person, closely following the instructions, while others are observing and taking notes. The diversity of the participants reflects the complete utilization of the workshop, with attendees from different backgrounds and regions. This is a moment of learning and practical engagement in hands-on training session.

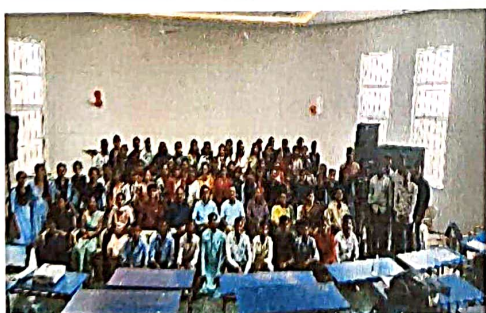

A fortunate moment of culmination and celebration, as the valedictory ceremony of a state level workshop is in progress. Dr. P. D. Needagi, Rtd. Associate Professor, Department of Botany, BLDEA's S. B. Arts and K. C. P. Science College, Vijayapur highlighting the prominence of mushroom cultivation and fostering dialogue to address the challenges facing macrofungal diversity and visual narrative of the collaborative efforts required to conserve the macrofungi.

Left to right: Dr. P. D. Needagi delivering the Chief guest speech, Dr. Syed Abrar, Dr. Ajayan K. V., Dr. P. S. Patil, Dr. Ramachandra Naik M.

A moment of recognition and achievement, as students are lined up, after receiving their participation certificates from the resource persons and organizers at state level workshop. Their expressions are ones of pride and satisfaction, as they hold their certificates to show respect for the accomplishment.

A moment of unified collaboration ensued, as students, delegates, resource persons, and organizers were all seated at One Day State Level Hands on Workshop on Exploring Mushroom Diversity: From Forest Floors to Mastering Cultivation. The atmosphere is one of accomplishment and camaraderie, as participants from various backgrounds come together to mark the successful conclusion of the event. The

image is a testament to the workshop's impact, highlighting the importance of such gatherings in fostering educational and professional growth
