ABOUT "e-Lib"

"e-Lib" is a multi-user, multi lingual (Kannada, Hindi and English) and GUI (Graphical User Interface) based and complete Library Management Software which not only helps manage the library effectively but also reduces the cost overheads that occur in a library. This is developed by consulting expert librarians of Universities, colleges and research centers to incorporate the various methodologies. It is our constant endeavor to upgrade and improves the software to easily meet the demands and needs of the user.

The Key Features of "e-Lib" Software:

- A windows GUI (Graphical User Interface) based user friendly and requires minimum training to operate.
- The look and feel of all the modules are same those the user can emphasize more on the functionalities of the software than merely concentrating on how to operate the software.
- Fast and accuracy in stock verification.
- It is multilingual software, thus you do not require to interacting with third party software to avail the multilingual benefits.
- It is multi user and multi tasking software.
- Uses RDBMS concepts to collect and maintain data in well structured and organized manner so that you can reuse the same data to meet the user needs.
- Easy to deploy and access.
- As per the OOPs trends the software modules are bifurcated according to various library items such as BOOKS, JOURNALS, PERIODICALS, NON- BOOK materials, MEMBERS, OPAC and WEB OPAC etc. this simplify the functionality of the software.
- Budget Controlling: customized budget heads are user defined.
- The non-book material type and category of the various non-book materials in is user defined.
- Supporting accessioning cataloging tracking of books, loose journals, bound journals, subscribed and non subscribed magazines and various non-book materials like furniture, CDs Videos, DVDs, MAPS and project reports.
- Supports BAR code for circulation, which speedup the transaction and physical stock verification activities.
- Barcode labels can easily printed using laser printer i.e. needs not to go for separate barcode printers.
- Customized Identity Cards can be generated in this software.
