- ❖ Method of Assessment

Introduction:

The College is offering UG ,PG and Research Programme to the students from the rural as well as Urban backgrounds in Vijayapur district majority of the students are from rural background and also represents the middle or lower class Social environment and most of them are first generation.

The aim of the programs in the college is to make all students admitted in the college equipped and competent to face challenges of the life and contribute to the Social development through the critical reflection and academic achievements this is possible through the process of making the academic more competent for the advance learner and also by supporting the slow learner to achieve more their academics and personal life.

In every academic program there will be some students who can do really well and learner more with the comprehension capacity there are also students who are slow in understanding concepts, memory and retention such students need extra attentions from the faculty to upgrade themselves at the same time ,we also have to take into consideration those students who are at average level in academics.

Advance learners:

Advance learners are those students who have more potential with regard to critical creative thinking and contextualizing practical, they are hard working ,goal oriented ,achieve high scores' and can shoulder higher level of academic responsibilities. They can be also molded in teaching learning activities.

Slow learners:

Slow learners are the students with poor grades they find it difficult to understand the concept retain and integrate to adjust to teaching learning process and may fail or even dropout. The poor performance can be improved through adequate motivation and support by the faculty.

Activities:

Advance learners

- ✓ Advance learners are encourage to participate in Quiz, GD, Seminars, Presentation at the College level the improvement in their presentation skills enable them to participate at state. National level competition.
- ✓ Advance learners are also offered with seed money for implementation of their innovative projects.
